

Weekly info for parents/ carers 10 May 2024

Hello Everyone!

1000 points

Fifteen of our amazing students across all year groups were presented with their special 1000 positive points certificates this week. We are so proud to see all our students working hard, doing the right thing, and being recognised and rewarded for their contribution to school life. Watch out for more of these in the coming weeks!

Y11 and Y13 examinations

This year's examination season has begun, and we'd like to remind you that we are here to support your child as they enter this important phase of their education. We are all wishing them the very best of luck to go with the hard work they have put in as they have approached these exams. They have been very well prepared by their teachers and Y11 and Y13 have made a very positive and mature start to exams. Y11 will now follow bespoke timetables of specific boosters tailored to help them in preparation for each exam.

Outdoor fun

Now that the ground has finally dried out, we've been able to open the whole of our outdoor space to students. We're so lucky to have all of this green space for them so socialise in and it's been great to see them enjoying themselves outside.

Reward Trips

Our staff are hard at work planning trips and in-school experiences for Activities Week, which takes place towards the end of the summer term. Please look out for more information as we ask students to choose their preferences.

Have a great weekend,

Anna Cleckner, Headteacher
